HEALTH & SAFETY STATEMENT

The BMXNZ SDP Program management will comply with the requirements of the Health and Safety in Employment Act 2015 by committing to providing and maintaining a safe and healthy environment for all riders attending a SDP Session. It is the sports policy to “make every practical and reasonable effort to protect all riders, to prevent accidents or serious harm injuries and promote safety and welfare of all riders while on the program”.

The BMXNZ SDP Program management will take all possible steps to list and evaluate hazards and to determine solutions to eliminate or minimise those hazards as part of the Risk Management Plan (RMP), to meet the sports policy noted above.

BMX Racing is an action sport & inherently has risks that are accepted as part of sport. All known risks are noted in the RMP of the BMXNZ SDP Program & this is available onsite during the session. Parties wanting to assess the RMP prior to entry must contact BMXNZ for detail. Signing of this form confirms an understanding of the risks of the sport as noted in the RMP. In the event of injury to a rider, this signed form is consent to proper medical treatment being administered.

Safety and safe practices at all BMXNZ SDP Program sessions events are not negotiable and failure by anyone to comply by the code of conduct or rules of the sport will result in the removal of such person from the session.
